****AZ Election Officials Are Being Alerted to Another EZ Voter System Failure!!**

On 1/18/24, the AZ Secretary of State's Office warns AZ County Recorders: **“Critical: Please Verify EZ Voter Party Preferences.”** AZ SOS warns county recorders voters may be disenfranchised as the result of a **REOCCURRING issue** with the **state-wide voter registration system**. This means your voter registration may have been changed to Party Not Declared without your knowledge.

How it could affect you – When you go to vote in the Presidential Preference Election on 3/19/24 – you may not be able to vote because it shows you have not selected a party. To vote in the 3/19/24 election you have to be registered as a Republican or a Democrat.

**** Voters in SCW have reported this has happened to them. Check your voter status now and check again on Feb 14th.**
